

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

—Mrs. JOSEPHINE KIMBLE, 935 West Race St., Portland, Ind.

Thousands of American women give this famous root and herb remedy the credit for health restored as did Mrs. Kimble.

For helpful suggestions in regard to such ailments women are asked to write to Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

RANDOLPH

Mrs. H. B. Bell was taken with bronchial pneumonia last Thursday and since that time has been quite ill. Misses Groat and Billings are taking care of her, and Sunday morning her condition was favorable.

G. A. Osha, real estate dealer, has sold for J. B. Adams his house on Randolph avenue, known as the Draper place, which has been occupied for some time by Fred Jerd and mother. The place was purchased by Leon Webster, who recently purchased the Emerson mill, and possession will be given in two weeks.

A daughter, Barbara Helen, was born on Tuesday to Mr. and Mrs. Robert Gilpin of Northfield, at the Bethel sanatorium. The mother will be better known here as Eliza Sandstra, who for some time worked in this place. Mr. and Mrs. William Osha were in Bethel on Saturday to call upon the new grandchild.

A son was born at the Randolph sanatorium to Mr. and Mrs. Robert Mayo on Thursday of last week. The mother will be remembered as Olive Rix. Since her marriage her home has been in Northfield.

Mr. and Mrs. J. B. Adams moved their household goods from this place to Waterbury last week, where they will for the present be making their home.

Fern Rebekah Lodge attended the district meeting at Waterbury last Friday night and exemplified the degree work. About 35 officers were present to take part and returned on the night train.

Robert Harrison of Burlington was an over-Sunday guest at the home of Mr. and Mrs. N. C. Buck.

Miss Ruth Pease returned on Saturday from a several days' visit in White River Junction with her aunt, Mrs. Mary Whitney Hannahan.

Mrs. Mary Hatch, who is with her son, H. L. Hatch, has been confined to the bed by illness for several days.

Mr. and Mrs. D. F. Gould were in Gayville over Sunday, the guests of Mr. and Mrs. Martin Wyman.

Carried a Tube of Tooth Paste 3 Years

Many a person has stopped brushing the teeth because of tooth pastes that harden. It is especially true of children.

The experiments of Prof. James B. Stebbins, Jr., of New York, long ago proved that Albodent Dental Cream will not harden or dry out in any weather. Three years ago Mr. Otto Kupper of 300 Hudson street, Hoboken, N. J., took two dozen tubes of Albodent to South America. On his return he had broken out and he enlisted in our army and went to France. He was recently discharged and in unpacking found a partly used tube of Albodent three years old, still in perfect condition.

Albodent is calcium carbonate, saponified and mixed with the well-known oils of cloves, cinnamon and eucalyptus. It is not only perfectly made and effective, but so safe that children may use it. It retails at 25c and proves that the best tooth cream need not cost more.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

George Wallis and family of Waitsfield were at George Bragg's Sunday.

ENGRAVING ON METAL

It began with the Goldsmiths of Florence in the 15th Century.

Engraving on metal, which plays such an important part in our life today, had its origin in Florence in the 15th century.

The goldsmiths of that day, then the most luxurious and artistic in the world, were responsible for the discovery, which came about in this way: A great deal of jewelry of that period consisted of gold bracelets and rings ornamented with incised lines, which were filled with black enamel. Some of the old jewelry of our grandmothers' day still shows this type of ornament, which is exceedingly beautiful when well done. A design thus filled with enamel was called "niello," a derivative of the word "nigellum" which means "the blackest of all." The brass and nickel signs which you see on the fronts of business houses, and as announcements of doctors, teachers, and so on, are the modern form of niello.

The artist who was making a niello would, naturally, often want to know how the work was going, and if any changes would have to be made when it was complete. To do this he took an impression of the incised part in wax or clay, from which, in turn, he made a sulphur cast. The lines of the cast were filled with lampblack. In this way a copy of the work was obtained which reproduced the coloring of the piece and also showed the condition of the engraving. Later a simple process was invented, which consisted of filling the incised lines with a thick ink and pressing a sheet of damp paper against them.—Toronto Mail and Empire.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia). 20c and 50c jars, hospital size \$2.50.

Resinol healed that skin trouble

When you think what a source of annoyance and suffering that eczema has been to me in the past three years, do you wonder I am thankful that the doctor prescribed Resinol? The very first time I used it, the itching stopped and in a surprisingly short time the eruption began to disappear.

Resinol Soap should usually be used with Resinol Ointment to prepare the skin to receive the Resinol medicine. Resinol Soap and Resinol Ointment are sold by all druggists. Resinol Soap helps to clear your complexion.

400 PER CENT INCREASE IN DIVORCES GRANTED

Attributed to "Disappearance of the Family Altar and the Apparent Decay of Religion."

Pittsburgh, Nov. 10.—An increase of 400 per cent in the number of divorces annually granted in the United States during the last half century was attributed in the world's Christian citizenship conference here to-day to the "disappearance of the family altar and the apparent decay of religion." The report, containing that assertion made by Judge W. H. Thomas of San Francisco, Cal., chairman of the world commission on the family.

The seeming dissolution of the religious theory of marriage has been one of the big items in the instability of the family, the judge declared. After that came nineteen other contributing causes, which he cited as follows:

The growing spirit of individualism; the women's movement, including the feminist propaganda and higher education of women; growth of modern industrialism; higher living standards; growth of modern cities; higher age of marriage; popularization of law; laxity of law and administration; the transition from the old order to the new; wrong conception of marriage relation; the infectious propaganda; the social evil; infectious disease; hasty marriage; the monogamous form of marriage as well as the permanency of the relation must be insisted on, not only on the grounds of public policy and the best interests of society, but also because we believe the family to be a divine institution and the marriage relation to be divinely ordained.

"The public should be informed as to the destructive effects of polygamy and the damning and paralyzing influence of war."

"That our young people especially must be trained for family life; they should be taught in a proper time and by a competent person, the great and sacred facts of sex; they should know what marriage implies and what are its obligations."

"That every effort should be bent toward annihilation of the social evil and the importance of our keeping the spiritual forces of civilization at high tide."

Barre Man Escaped Knife.

Michael Murphy of Main street, Barre, Vt., suffered for five years with rheumatism and kidney trouble and was told by physicians he would have to be operated upon, before he tried Goldine. He says:

"The rheumatism set in my knees and made it hard for me to walk. My kidneys bothered me a lot, and I had to get up every night eight or nine times. I was nervous and couldn't sleep good. Then I heard of Goldine and tried it. Now I feel better. My kidneys are better, and I am better in every way. I know that I won't have to have that operation."
